

Worth a Closer Look...

The Standard of Excellence In Education

A Well-Defined Purpose:

Clinton Christian Academy is committed to...

1. Providing our students with a Biblically based worldview to prepare our students for life's challenges—and opportunities!
2. Providing an academic learning environment, enhanced by technology and nurtured by instruction—thus preparing our students to excel in college and beyond.
3. Providing a socially and physically safe environment for our students to mature and learn, free from the many negative influences challenging today's youth.
4. Providing an opportunity for students to be an integral and valuable part of the following activities:

**Show Choir • Football • Baseball • Soccer • Track & Field
Concert Choir • Softball • Competition Cheer**

5. Providing smaller class sizes, so our students can receive more individualized instruction in a nurturing environment.
6. Providing an inviting family atmosphere where parents and students can experience a sense of community and belonging.

Clinton Christian Academy

It's all here at CCA!
